Hermeneric

(r. c. 485)

BRIEFING

Hermeneric was a Suevic King of Galicia according to a now lost document described by the priest Antonio de Yepes.

BIOGRAPHY

According to Yepes, the king reigned around 485, which falls within a century-long period (469 – c.560) of obscurity during which the Sueves were predominantly Arian Christians.

Hermeneric was said to be a destroyer of churches and persecutor of Catholic Christians.
